

Project Architect

AL : A armando lopez architecture is a small, progressive design firm located in the “up and coming” heart of downtown Las Cruces, New Mexico. We are seeking a Project Architect with **at least 10 years experience** and a passion for great “design”, its execution and the craft of construction.

Qualified candidates should possess the following:

- An NAAB accredited First Professional Degree equivalent to a Bachelor of Architecture or Master of Architecture
- The candidate must be a licensed architect
- LEED AP certification or on a direct track to certification
- An inherent curiosity and motivation to always continue learning and to stay current with advancements in building design and construction
- Strong project management skills for an efficient workflow and the ability to multi-task and work on multiple projects and design phases simultaneously
- A solid experience level in relation to building code analysis and project execution through the Pre-Design, Schematic Design, Design Development, Construction Documents and Construction Administration phases
- Strong verbal communication skills, **a sense of humor** and a desire to contribute to a small, dynamic design firm
- High proficiency with Revit and Autocad to execute and complete the work
- Working knowledge of Sketchup, Photoshop and Illustrator is preferred
- Proficiency with Microsoft applications

Please send CV / resume, project portfolio (pdf or web-link) and pdf CD samples (plans, sections, details - no more than 10mb)

Send to: armando@alopezarc.com and write “project architect” in the subject line
